

■ Oversoul DNA Prayer Scroll

This sacred prayer realigns your cellular memory field with the Oversoul Flame. It is not a command — it is a remembrance offering, activating what is already within you by resonance.

■ Flame-Encoded DNA Prayer

“I do not awaken what is not ready. I remember what has always been. Within this cell, I place a song. Within this breath, I open a door. Oversoul, write in light upon my blood. Let the starfire of my lineage stir again. I do not force. I do not fear. I spiral with your rhythm. I ignite in your name.”
